

PROJECT PIGmas

Invent your own PIGmas!

PIGmas is an anchor in my practice. To keep watering it, I want to invite you to create Your very own PIGmas. Sharing and connecting about the divinities of Creating and Inventing alongside folks is inseparable to my practice.

Whatever you have on Hand (ink, lipstick, glitter, beet root, digital). A lipstick'd PIGmas sounds cool. Meet the spirit of your Imagination and Go cray.

When you're finished, share it with ME - PLEASE.

#PIGmas - I wanna see your inventions Pretty please.

I love You. Thank YOU.
